Re: ASSA ABLOY Architectural Door Accessories Group - **US ONLY**
July 12, 2021 Surcharge Announcement

Thank you for your continued partnership and support of our brands.

Dramatic cost increases have been widely reported in virtually all business and financial media outlets for primary commodities and materials utilized to produce our hardware, namely steel, stainless steel, brass, aluminum, zinc and many electronic components.

Due to the rapidly changing environment, we feel a surcharge is the most viable method to respond quickly to an evolving material situation. We realize that surcharges are difficult for some customers to process, but hope you see the extraordinary challenges the worlds manufacturers are facing at this time.

Effective July 12, 2021, Architectural Door Accessories will implement a surcharge that will include **Glass Solutions, Markar, McKinney, Pemko** and **Rockwood** products, which will vary by product segment due to wide variations in material content of the total cost. See the below general matrix for surcharge amount by segment.

Pemko
Markar and Pemko Products – 7%
Astragals, Thresholds, Non-Brushed Weatherstrips, Pemko Geared Hinges - 15%

Rockwood
Glass Solutions – 3.5%
Architectural Price Book - 3.5% <i>Decorative Pulls</i>
Lites and Louvers – 10%
Accessories Price Book - 15% <i>Flat Goods, Accessories, Standard Pulls</i>

McKinney
McKinney Hinges – 4%
MacPro Hinges – 4%

Products ordered through **Webshop** or **FLASHship** will also be subject to the surcharge. **Surcharges will not apply to existing quotes.** If you have any questions on surcharge percentages, please contact Customer Service.

Due to the material issues highlighted above, future dated orders and unusually large stocking orders may not be accepted prior to the July 12th effective date.

Due to the rapid increase in the cost of raw materials and the expectation of a continued volatile materials market we will also be shortening our quote duration to 6 months, upon quote expiration we will reprice at current market conditions.

If the opportunity arises to rescind all or part of this surcharge, we will gladly do so. We will continue to monitor the situation and will only take further action if warranted.

Thank you again for your continued support and partnership.

Sincerely,

Doug Thompson
President, Architectural Door Accessories
